

ATM & CDM Service now available at Chhutmalpur BC Office

30 April 2016

Saharanpur : 28 April 2016 : The people of Chhutmalpur, District Saharanpur are delighted these days and there are valid reasons for them to feel happy. They have now a highly reliable ATM and CDM service available to them, thanks to Shivalik Mercantile Coop. Bank which started this service recently at its BC office on Delhi - Dehradun National Highway No. 72A.

Shivalik Bank ATMs are generally preferred by the public because of their excellent upkeep and maintenance. Bank branches take great pains to keep funds always available even when there are several holidays in one stretch as has been happening in recent past. The villager women, initially hesitant in front of CDMs are now taking pride in the fact that they have learnt to deposit cash in their respective account themselves without the need of a cashier. Whether the bank branch is open or closed in early morning / evening, the bank's customers are being able to deposit money in their account at any time of the day. An ATM and a CDM thus fulfil most of the banking needs of people- enough to feel delighted with Shivalik Bank's thoughtful initiatives!
